Get your entries in for the City of London Corporation's Sustainable City Awards

Should your business be rewarded for its sustainable business practice? Entries are now open for the prestigious the City of London Corporation's Sustainable City Awards. Join the likes of BSKyB, Metropolitan Police, Berkeley Group, Opportunity International UK and Beales Hotels and give your business the chance to achieve recognition for its outstanding achievements in sustainability.

The RSA accredited Sustainable City Awards were established 8 years ago to recognize and reward UK wide organisations, from the multinationals to the SMEs, on their outstanding achievements across all aspects of sustainable development. These highly respected awards are one of the only six feeder schemes for the European Business Awards for the Environment, meaning that your business will have the chance of international recognition for its sustainable efforts.
