

# CIWEM East Anglian Branch

**The Problem with Pipes...**  
(...is that they need looking after)

***A One-Day Symposium***

**Thursday 23<sup>rd</sup> September 2004**  
**The Møller Centre, Cambridge**

CIWEM

As the Water Companies prepare to enter AMP4, this one-day conference will take a look at some of the key issues that they face with respect to the maintenance of network infrastructure, a major focus of the PR04 business plans. New technologies being developed to help tackle these problems will be presented, together with examples of innovative approaches to rehabilitation and renewal.

## **Programme**

Speakers have been drawn from Water Companies, research establishments, consultants and contractors, to provide a wide range of perspectives.

- Graham Kemp, Asset Investment Manager, Anglian Water Services  
*Infrastructure Challenges facing the Water Industry in AMP4*
- BHR Group  
*Innovation in Pipe Materials*
- Dr Paul Conroy, Principle Consultant (Asset Management), WRc  
*Encouraging innovation and examples of innovative monitoring and inspection technology*
- Andrew Selby & Simon Gee, FaberMaunsell  
*Methods for Targeting of Capital Maintenance*
- Mike Shepherd, Senior Consultant - Networks, Thames Water  
*Techniques for Water Mains Renovation*
- Dr Dec Downey, Principal, Jason Consultants Group  
*New Developments in Sewer Rehabilitation*
- Jo Parker, Independent Consultant  
*Replacement of a trunk main in North London*
- Nick Sheehan, Director, Perco Engineering Services  
*Environmentally Friendly Sewer Rehabilitation*

**Location**

The Møller Centre is a modern, award winning Management Training and Conference Venue, located on the outskirts of Cambridge, 1 mile from Junction 13 of the M11. The centre can also provide overnight accommodation if required. Contact the Centre on 01223 465500 for further information.

**Cost**

The price for the symposium is £105 (+VAT) per delegate, including lunch and symposium papers.
