

The Chartered Institution of Water  
and Environmental Management  
**North Western and North Wales Branch**

Dear Members,

Happy New Year!

I hope that you had a restful holiday and are ready and raring to go for a new season of CIWEM events! We have an action packed programme for the coming year, which will focus on wide ranging issues from River Modelling to Recruitment within the Environment Industry. Further details on the meetings calendar will be contained on the attached event fliers, or if you would prefer to stay in touch with the programme via the internet please check out our web page on:

[www.ciwem.org/branches/north\\_west](http://www.ciwem.org/branches/north_west)

CIWEM as a national organisation is going through a change process at present, reviewing the way in which it is governed and how it can grow on a sustainable basis in the future. The institution is always open to your thoughts and concerns about the way it operates and responds to your needs as a member. If you would like to make comment on CIWEM, offer suggestions how we can improve as a branch or operate as an international organisation, please feel free to email me at [Ian.Stout@atkinsglobal.com](mailto:Ian.Stout@atkinsglobal.com).

As always, we are open to new members and new partners to help keep the programme vibrant and interesting to all. We are currently looking to partner with UKELA (as well as our existing partners in the ICE, IFM, PIG etc) in the next programme year to add a new dimension to what we can offer you. Our events are open to all, so please bring along and friend or colleague to the next meeting you attend and help us to grow the environmental community in the North West & North Wales.

So finally, I would like to thank you all for your continued support of our programme and I look forward to seeing you at one of our events in 2008.

Yours sincerely,

Ian

CIWEM North Western & North Wales Branch Chair
