#### MEETING OF SOUTH EASTERN BRANCH

**Date:** Thursday November 15 2007  
**Venue:** The Cranston Suite, East Court Mansion, College Lane, East Grinstead,  
West Sussex, RH19 3LT  
*(Follow directions to East Grinstead Town Council)*  
**Time:** 18.00 for 18.30  
**Subject:** Catchment Flood Management Plans

Kerry Turner and Gemma Harris from Capita Symonds will be giving a presentation on their experience of working with the Environment Agency on a number of Catchment Flood Management Plans (CFMPs) across England and Wales.

CFMPs are high level strategic planning tools and are an essential component of the future flood risk management service and are key to delivering the flood risk outcomes of both Defra and Welsh Assembly Government. They set out policies that will be adopted to manage flood risk in areas for the next 50 to 100 years.

The presentation will also introduce Strategic Environmental Assessments (SEA), which are not a statutory requirement under the SEA Regulations but have been integrated into the development of CFMPs.
