Developing Welsh Biogas 2009

15 July 2009,
All Nations Centre, Cardiff

A NEW EVENT considering the potential of biogas production and the growth of Anaerobic Digestion as a treatment for Wales' residual organic waste.

Key issues considered:

Government strategy ~ AD development, opportunities & barriers ~ Local Authority food collections ~ Engaging farmers ~ Biomethane & transport opportunities ~ Larger scale developments

Key speakers include:

Jane Davidson, Minister for Environment, Sustainability and Housing
Nina Sweet, WRAP
Michael Chesshire, BiogenicGreenfinch
