# Energy from Waste in Wales 2009

## *Using our Assets*

**9 July 2009,**  
All Nations Centre, Cardiff

Zero-waste targets and time constraints continue to drive both industry and local authorities to seek and produce innovative, economical and environmentally acceptable methods of treating residual waste.

This year's conference considers:  
Government strategy ~ Heat recovery and district heating successes ~ Planning and finance for new projects ~ Carbon reduction ~ Public acceptance

### Key speakers include:

Andy Rees, Head of Waste Strategy, WAG  
Malcolm Chilton, Covanta Energy Ltd, UK  
Peter Jones, Waste2Tricity  
Dr Adam Read, AEA Technology
