

## **Student Membership**

### **1. Who can join as a CIWEM Student member?**

Student Membership is available to any applicant who is currently enrolled in full time or part time study. It is also available to those undertaking an apprentice scheme.

### **2. Why become a CIWEM Student Member?**

Becoming a student member will be the start of your journey towards a career in the Water & Environmental sectors and will demonstrate to future employers your commitment to a career in Water & Environmental Management and will help you to stand out from the crowd in getting that first job after graduation. Other benefits include a digital subscription to the Environment Magazine and opportunities to expand your professional network through participation in branch activities and events.

### **3. How to become a CIWEM Student Member?**

4. The application for CIWEM Student Membership is completed online, follow this [link](#) for the online application.

### **5. How much does CIWEM Student Membership cost?**

As of June 1<sup>st</sup> 2016, CIWEM will be offering **Complimentary Memberships** for all students enrolled in full-time and part-time education (this includes students enrolled in undergraduate and postgraduate programmes, as well as vocational training). Student memberships last for the duration of your programme of study and are complimentary, provided that you supply us with the details of your course programme and start and end dates.
